**To make a non-urgent
referral where a child
is not at immediate
risk of significant harm
(where the needs of a
child are complex or
unclear)**

Early Help

Early help means providing support to potentially vulnerable children, young people and their families as soon as problems start to emerge. If they're facing certain challenges, or have complex needs which cannot be dealt with by universal services (for example, schools, health visitors, school nurses), they can be referred to us for help.
