Term 6
Week 2

Excited by their visit to Langford Lakes, Bythesea and George have been looking closely at the anatomy of minibeasts. Macy created this detailed diagram in choosing time which inspired many friends. Annabel and Macy visited Mrs Poole to share their brilliant observational diagrams.

Term 6
Week 2

Prospero:

"If E and ∞ is put together and divided by HH , then just a chance, or 0.0001% chance, F, Prospero, will finally be able to control the weather pattern, or maybe just a few clouds at least." A splash and a splutter of few bubbles and... nothing happened. The potion evaporated faster than any candle could burn out and only a miniscule cloud could be seen above the cauldron.

"Oh great, another failed experiment; hopefully soon I shall get this right." A dozen metres away came the sound of light footsteps, quiet as a mouse; with each second came one more step. Finally, after precisely 123 steps, the door creaked open to reveal a small three year old girl. She started running on my beautiful mosaic of a carpet (which I would not dare step on) and then accidentally smudged some of my writing by putting her hand on some ink. "Miranda why do you have to make your way up the stairs when I am deep in my studies? Is there anything important you need to tell me?" "Yes there is Daddy, there are lots of boats, do you think they will get us?" "No dear, it is highly unlikely they will attack us." Relieved, she carefully closed the creaky door and continued to poot back down the staircase.

A new sound came; compacted footsteps, this could only mean one thing. "Why must my bothersome brother always patronise me just when I am about to start my studies?"

Then came an impatient knock. The door slammed open, abolishing my precious rose. "Prospero, this is my last warning!" he threatened, he threw his palms onto my desk, "Do you even know how much these candles cost?" "Yes I do know but go away." He reluctantly ignored me but he did finally walk out after an hour of seemingly endless boring speech.

Prospero

Joyce Class have been writing the back-story of how Antonio usurped Prospero and became the Duke of Milan...here James in Y5 gives us three different sides of the same story...

Soon we will display the class's work for all to read and enjoy.

Miranda:

"1 book, 2 book, 4 book, rotten carcass of a book." Me want to fly like sprite, me want to be sprite. Pouring this magical sticky black stuff on daddy make him good. Splat! "Sorry Daddy." "Tell your peteous heart there is no harm done." If I pile books and go to top of tower, then I fly like sprite. Now that I am top, I can fly. Me jump in 3, 2, 1. Jump. I split! "Hell as empty and all the devils are here!"

Miranda

The Royal Court of Milan

Antonio:

"Prospero, how many times must I tell you, more politics and less wasting!" I yelled, "This ink is starting to ruin my sundials, and even your model of ancient ruins lay in ruins, embedded in ink even the poor will not use. This is the last straw." After a speech of great importance that my hopeless brother ignored, I slammed the door, but then stopped and thought for a moment. "If he doesn't re-pay me, I'll repay him with a visit from his old enemy invertebrate, King Alonso of Naples. Then I will finally be rid of him forever." A thought as spine-chilling as one of the illustrations of Prospero's anatomy book suddenly reached me. "Sir, I almost forgot, you have to sign this edict." I placed the parchment on top of his books, he swept it aside, "Can't you see I'm working here?" With a firm gesture, I put the edict back on top once again, "If you do not sign this, I'll....!" That made him see sense. With a blunted quill and spluttering ink, he scratched his name down not knowing, in actual fact, his death warrant. It was the call to Alonso, King of Naples.

Antonio

Term 6
Week 2

Going forward our Food Allergy & Intolerance Form will be online, accessed through this link ([Online Allergen Form](#)). We ask that all parents of pupils with a food allergy or intolerance to complete this form. This will need to be accompanied with medical evidence (see leaflet below for more info on this). Pupils with a lifestyle or religious choice (such as halal or vegan) will not need to complete this form. For any parents of pupils who are currently on a special diet we ask that they complete the form and choose 'Already being catered for – no change to allergens' which will indicate to us that their form does not need processing until the next menu cycle change. If you already have a Caterlink special diet in place for your child, this will continue as normal as the safe meal. We ask that all parents complete this form by the end of the current school year in July 2026, so that moving forwards from September we have a full database of pupils. This will help us to be more efficient in providing special diet menus.

ONLINE FOOD ALLERGEN & INTOLERANCE FORM

At Caterlink the safety of our pupils is our number one priority, and we take catering for customers with food allergies and intolerances very seriously.

The below information details how to complete our online form for pupils who require a special diet menu due to allergens, intolerances or medical conditions.

STEP 1 You can request a special diet menu by completing our online Allergy & Intolerance Form – [CTL – Food Allergy & Intolerance Form V2](#)

This needs to be submitted with supporting medical evidence from an NHS professional (a GP/consultant or registered dietitian). This can be a letter, copy of medical notes, an Allergy Action Plan signed by a medical professional or a screenshot from the NHS app. Medical evidence is an industry-wide requirement, recommended by the Lead Association for Catering in Education (LACA).

Please ensure that when you enter the school name that the unit number and postcode listed are correct for your school.

STEP 2 Whilst waiting to see if a special diet menu has been approved any children with food allergies or intolerances can be provided with a 'safe meal' – jacket potato with baked beans, vegetables and fresh fruit salad (if suitable for the pupil's allergies).

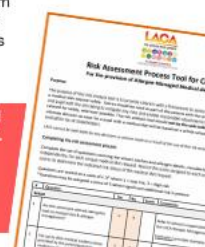

If you would like your child to have a 'safe meal' please let your school know.

STEP 3 The Caterlink team will review the request and check that it is safe to cater for using the LACA Special Diet Risk Analysis Process for Caterers where required. The risk analysis looks at the pupil's requirements, the medical evidence, the capability of the kitchen facilities and the school environment to determine if the request is low, medium or high risk.

STEP 4 If deemed safe to cater for by our Caterlink nutrition team will then develop the special diet menu, with at least one suitable meal option daily. This can take up to four weeks from receiving all of the information required.

Should your child's allergies or intolerances change, you should request the link from the school and choose 'Updated Request'.

If your child has become allergic or intolerant to additional foods, please ring the school immediately and request a safe meal.

The **parking** at drop off and pick up times can sometimes cause issues, and we have had several recent near misses with children. So we can all work together to keep our children and others in the community safe, moving forwards you will see some "no parking" signs out at several points around the school, marked in yellow in the below map. Please help us by not parking or stopping near these signs, in order to keep the crossing and roads as safe as possible. Thank you.

Incident/report from resident – **Suspected** poisonous plants in Freshford

The report is detailed as follows:

Contaminated land address: THE INN THE HILL FRESHFORD BATH BA2 7WG

Location description "If you're walking over the bridge towards the end on the right hand side, there is a large poison hemlock plant. This is just one of many in the fields and along the river."

Year 5 Parents/Carers

St Laurence School

In addition to the Open Morning tours we advertise on our website, we have arranged an additional **Year 5 Taster Day on Tuesday 16th June** starting at 9.30am and ending at 2.30pm.

The students will be mixed across four classes and will experience some exciting lessons taught by St Laurence school staff. The classes will be supported by a TA and some student helpers. As part of this day, the students will be taken on a tour of the school and will have the opportunity to speak to members of our school community (see the "Join us" page).

There are only 25 places left! Please email karrho@st-laurence.com if you would like your child to have a place. I will send out a form and confirmation of your place on receipt of an email.

Best wishes

Mrs Rhodes
