

INSET DAY MONDAY 22 JUNE

SEE YOU TUESDAY 23 JUNE !!

A Swishing Success!

A huge thank you to everyone who donated, attended and helped at our PTA Clothing Swish. The evening was a fantastic success, buzzing with energy, bargains and plenty of fun! Thanks to the incredible generosity of our school community, we raised approximately £1,300 for the school. We are so grateful to everyone who donated clothes and accessories, helped organise the event, sorted and displayed items, ran the bar, and stayed behind to tidy up. It truly couldn't have happened without you.

Thank you Fliss and Team Swish

Hot weather

Please remember to send your child to school with their hats and water bottles. Make sure they have sun cream on in the morning as we are unable to apply.

Term 6
Week 3

We have received a number of comments from local residents of Limpley Stoke about driving through their village above the speed limit of 20mph and driving up in pavements rather than stopping to let cars pass. The emails received acknowledge that although they cannot prove the cars are driven on our school run, it has been during school run times and the drivers have sometimes been seen getting their children out of the cars and walking towards the school.

Everyone can sympathise with busy lives and the need to be on time, but please also respect the speed limit and the fact that driving up in a pavement is illegal. And it rarely makes much difference to eventual arrival time, but leaving 5 minutes earlier might.

Some local residents have offered to send me descriptions and car registrations of offenders, but hopefully this gentle nudge is enough to avoid that!

If you all drive and park nicely until 22nd July, you will be rewarded with 6 weeks off.

With thanks,

Ruth Poole.

Term 6
Week 3

Going forward our Food Allergy & Intolerance Form will be online, accessed through this link ([Online Allergen Form](#)). We ask that all parents of pupils with a food allergy or intolerance to complete this form. This will need to be accompanied with medical evidence (see leaflet below for more info on this). Pupils with a lifestyle or religious choice (such as halal or vegan) will not need to complete this form. For any parents of pupils who are currently on a special diet we ask that they complete the form and choose 'Already being catered for – no change to allergens' which will indicate to us that their form does not need processing until the next menu cycle change. If you already have a Caterlink special diet in place for your child, this will continue as normal as the safe meal. We ask that all parents complete this form by the end of the current school year in July 2026, so that moving forwards from September we have a full database of pupils. This will help us to be more efficient in providing special diet menus.

ONLINE FOOD ALLERGEN & INTOLERANCE FORM

At Caterlink the safety of our pupils is our number one priority, and we take catering for customers with food allergies and intolerances very seriously.

The below information details how to complete our online form for pupils who require a special diet menu due to allergens, intolerances or medical conditions.

STEP 1

You can request a special diet menu by completing our online Allergy & Intolerance Form – [CTL – Food Allergy & Intolerance Form V2](#)

This needs to be submitted with supporting medical evidence from an NHS professional (a GP/consultant or registered dietitian). This can be a letter, copy of medical notes, an Allergy Action Plan signed by a medical professional or a screenshot from the NHS app. Medical evidence is an industry-wide requirement, recommended by the Lead Association for Catering in Education (LACA).

Please ensure that when you enter the school name that the unit number and postcode listed are correct for your school.

STEP 2

Whilst waiting to see if a special diet menu has been approved any children with food allergies or intolerances can be provided with a 'safe meal' – jacket potato with baked beans, vegetables and fresh fruit salad (if suitable for the pupil's allergies).

If you would like your child to have a 'safe meal' please let your school know.

STEP 3

The Caterlink team will review the request and check that it is safe to cater for using the LACA Special Diet Risk Analysis Process for Caterers where required. The risk analysis looks at the pupil's requirements, the medical evidence, the capability of the kitchen facilities and the school environment to determine if the request is low, medium or high risk.

STEP 4

If deemed safe to cater for by our Caterlink nutrition team will then develop the special diet menu, with at least one suitable meal option daily. This can take up to four weeks from receiving all of the information required.

Should your child's allergies or intolerances change, you should request the link from the school and choose 'Updated Request'.

If your child has become allergic or intolerant to additional foods, please ring the school immediately and request a safe meal.

This free online talk is being hosted from Freshford as part of the Wild Waters river festival.

Farming is responsible for 40% of UK river pollution. Join us to hear Stephanie Betts and Lee Holdstock from The Soil Association discuss the connections between our farming systems and waterways, and explore how organic methods offer a solution to many of the problems currently faced by our rivers.

Stephanie is a lawyer and entrepreneur and a member of the Soil Association's Development Board. She spent almost 20 years working in various positions at M&G, J.P. Morgan, and Citi-Bank, and is passionate about promoting sustainable food systems, biodiversity, and water security. Lee is Head of Regulatory Affairs at Soil Association Certification and has a wealth of knowledge of organic food and farming gained through 25 years advising businesses in the sector.

The talk is hosted by [Pear Tree Community Farm](#), a group working to start a new organic market garden between Limpley Stoke and Freshford.

Register on [Eventbrite](#) and receive a link to join online.

Thank you so much to all of you who helped make the 2026 Fete as enjoyable as it was.

A huge thank you to our sponsors, Savills, Hamptons, The Hop Pole, The Inn at Freshford, Iford Manor and Homewood Park Hotel. Their generosity allowed us to put on the great entertainment we had on Saturday.

In addition to the entertainment, we had an army of volunteers who manned the stalls and entrance gates. Their behind the scenes hard work gave us all a great variety of food, drinks and games.

Not forgetting all who baked, donated, lent gazebos and provided parking spaces. We needed you all

This year a certain rugby match distracted some of our usual crew, so I would like to say a special thank you to George Scotland, Wags Firmin and Bob Wood who were the last men standing and contributed hugely to the big clear up at the end of the day. And once again THE SUN SHONE!

The Fete Committee
